Education

- **Indian Institute of Technology Kharagpur** *2022 - 2027*
  Dual Degree, Industrial and Systems Engineering CGPA: 8.49/10
- **National High School** *2022*
  Class 12 - Central Board of Secondary Education Percentage: 91.20%
- **National High School** *2020*
  Class 10 - Central Board of Secondary Education Percentage: 91%

Professional Experience

- **Ylytic** *Sep 2023 - Nov 2023*
  Software Engineer Intern Remote
  – Integrated **10 new data features** into the database.
  – **Automated** task execution, conducted testing for data processing, and ensured reliability.
  – Optimized workflows, reduced processing time(by 60%), and ensured error-free operations for **2.4 million** data.

Projects

- **Self-Evaluation of Academic Performance** *Jun 2023 - Oct 2023*
  Utilized smartphone data for precise GPA forecasts, optimizing data analytics techniques.
  – Meticulously performed data analysis, cleaned data, and analyzed features using correlation to ensure data quality.
  – Applied K-fold cross-validation, comprehensively evaluating regression models including **Lasso**, **Ridge**, and **SVR**.
  – Optimized with Ridge: Achieved MAE of **0.255**, ensuring precision.
- **Resume Parser** *Sep 2023*
  Developed an advanced resume parsing system employing natural language processing algorithms.
  – Developed a specialized NER dataset engineered for precise extraction of crucial resume details.
  – Utilized Spacy **NER** model, enhancing accuracy in identifying **names, colleges, skills, emails, and phone numbers**.
  – Development of Resume Parser to extract vital data, streamlining candidate evaluation efficiently.
- **Weather Report With City Introduction** *Jan 2023*
  Developed weather app: real-time data, intuitive design, detailed city intros.
  – Integrated weather API to fetch live data and seamlessly integrate it into the platform.

Skills

Languages: Python, C++, C, Javascript **Developer Tools**: Git (Version Control), PyCharm, VS code, Docker, Postman, Figma **Frameworks and Libraries**: Flask, Pytorch, Scikit-learn, Hugging Face, NLTK, spaCy, Matplotlib, Pandas, Numpy **Cloud/Databases**: MongoDB, AWS

Relevant Coursework and Certificate

Coursework: Operations Research, Linear Algebra, Numerical and Complex Analysis, Probability and Statistics, Programming and Data Structures, Economics

Certificate: Supervised Machine Learning

Positions of Responsibility

- **Associate Quant Researcher,** Quant Club, IIT KHARAGPUR *May 2023 - Present*
  –Elevated Quant Club's finance knowledge, mastering complex concepts and applications.
  –Enhanced understanding of quantitative finance principles through substantial club contributions.
  –Demonstrated effective management in promoting active learning within Quant Club.

Extra-Curricular Activities

- **Volunteer,** National Service Scheme
  –Leading transformative NSS community projects for sustainable social welfare, organizing engaging workshops, outreach programs, and driving impactful NSS initiatives

Achievements

- **JEE Mains** Achieved top **2%** in JEE Mains among **10,00,000** candidates.
- **JEE Advanced** Ranked in the top **5%** in JEE Advanced out of **250,000** candidates.
