Education

- **Indian Institute of Technology Kharagpur** *2022 - 2027*
  Dual Degree, Industrial and Systems Engineering CGPA: 8.37/10

Professional Experience

- **Practworks** *Dec 2023 - Present*
  Machine Learning Engineer Intern Remote
  – Crafted a dataset and **concept dependency graph**.
  – Developed an **algorithm** for **synthetic data** across diverse topics, formulating concept strength.
  – Conducted **rigorous testing** on various models, meticulously fine-tuning for optimal performance.
- **Ylytic** *Sep 2023 - Nov 2023*
  Software Engineer Intern Remote
  – Integrated **5 new data features** into the database.
  – **Automated** task execution, conducted testing for data processing, and ensured reliability.
  – Optimized workflows, reduced processing time(by 60%), and ensured error-free operations for **2.4 million** data.

Projects

- **Self-Evaluation of Academic Performance** *Jun 2023 - Oct 2023*
  Utilized smartphone data for precise GPA forecasts from student behaviour. Research Project
  – Meticulously performed data analysis, cleaned data, and analyzed features using correlation to ensure data quality.
  – Applied K-fold cross-validation, comprehensively evaluating regression models including **Lasso**, **Ridge**, and **SVR**.
  – Optimized with Ridge: Achieved MAE of **0.255**, ensuring precision.
- **Azad Hall Website - Team Project** *Nov 2023 - Feb 2023*
  Revitalized Azad Hall website, emphasizing user-centric features and streamlined functionalities.
  – Led Nginx, Gunicorn, and Docker setup for Azad Hall site, ensuring smooth deployment.
  – Dockerized Django app, boosting scalability and maintaining consistency.
  – Implemented SQL database management, optimizing data integrity, retrieval, and cloud deployment.
- **Resume Parser** *Sep 2023*
  Developed an advanced resume parsing system employing natural language processing algorithms. Self Project
  – Developed a specialized NER dataset engineered for precise extraction of crucial resume details.
  – Utilized Spacy **NER** model, enhancing accuracy in identifying **names, colleges, skills, emails, and phone numbers**.

Skills

Languages: Python, C++, C, Javascript **Developer Tools**: Git (Version Control), PyCharm, VS code, Docker, Postman, Figma **Frameworks and Libraries**: Flask, Scikit-learn, Hugging Face, NLTK, spaCy, Matplotlib, Pandas, Numpy **Cloud/Databases**: MongoDB, AWS, GCP

Relevant Coursework and Certificate

Coursework: Operations Research, Linear Algebra, Numerical and Complex Analysis, Probability and Statistics, Programming and Data Structures, Economics, Work System Design

Certificate: Supervised Machine Learning

Positions of Responsibility

- **Associate Quant Researcher** Quant Club, IIT KHARAGPUR *May 2023 - Present*
  – Elevated Quant Club's finance knowledge through mastering complex concepts.
  – Demonstrated effective management, fostering active learning within Quant Club.

Extra-Curricular Activities

- **Volunteer,** National Service Scheme
  –Leading transformative NSS community projects for sustainable social welfare, organizing engaging workshops, outreach programs, and driving impactful NSS initiatives

Achievements

- **JEE Mains** Achieved top **2%** in JEE Mains among **10,00,000** candidates. *2022*
- **JEE Advanced** Ranked in the top **5%** in JEE Advanced out of **250,000** candidates. *2022*
